NATTHANAN SURACHARTKUMTHORNKUL

ARCHITECTURAL DESIGNER / REVIT DOCUMENTER

Port Melbourne, Melbourne VIC | +61 467 654 047
natthanan.moss@gmail.com | LinkedIn profile | Portfolio: natthanans.com

---

PROFESSIONAL SUMMARY

Architectural designer and RMIT Master of Architecture graduate (2026) with 4+ years in design, Revit documentation and consultant coordination. Combines underground rail and commercial project experience with 6 months of hands-on steel fixing and post-tensioning construction.

Available immediately. Full-time work rights in Australia on current temporary visa.

KEY SKILLS

Revit documentation / BIM modelling / Construction drawings / Detailed design / Concept and schematic design / Design development / Consultant coordination / Architectural presentations

PROFESSIONAL EXPERIENCE

Site Construction Experience | Steel Fixing & Post-Tensioning

Current | 6 months of site experience

- Steel-fixing construction work with T.U. Construction Group.
- Post-tensioning site work as a subcontractor for Top Stress.

Architectural Associate | DP Architects (DPA)

Bangkok, Thailand | Jul 2022 - Jan 2025 | Bangkok Purple Line metro expansion

- Developed Revit models and drawing packages for underground stations and VS01, including plans, sections, reflected ceiling plans, room layouts, signage and construction details.
- Progressed to Station Lead responsibilities, coordinating architectural interfaces with engineers across passenger circulation, ventilation, emergency egress and constrained station layouts.
- Coordinated design changes through construction drawings and multidisciplinary model reviews; portfolio evidence includes PP18, PP21 and VS01.

Architectural Coordinator | MAAR

Bangkok, Thailand | May 2020 - Dec 2021 | 6A Community Mall, Phnom Penh

- Contributed to concept, schematic and developed design; coordinated architectural drawings with clients, engineers, interior designers and landscape architects.
- Supported weekly client meetings, documented feedback and coordinated drawing revisions for building, circulation and public-space requirements.

Earlier project work (2020): 271 Mega Mall facade - parametric 3D modelling and construction drawings for a perforated facade.

EDUCATION

Master of Architecture | RMIT University | Completed 2026

Bachelor of Science in Architectural Design | Chulalongkorn University | Completed 2019

SOFTWARE

Autodesk Revit, AutoCAD, Rhino 3D, Grasshopper, SketchUp, Enscape, Lumion, V-Ray, Adobe Photoshop, Illustrator and InDesign.

LICENCES & CHECKS

Construction Induction (White Card) | Working with Children Check

COMMUNITY & WORKSHOPS

2016: Rural children's pavilion volunteer. 2017: Material-design workshop, Tolox, Spain. 2018: Recycling education volunteer, Thailand.
